RE: Second Floor Reinforcing Project  
Michigan Truck Plant

Dear Dan:

I wish to thank you for your role as Project Manager for M.B.M. Fabricators during the very difficult demolition and floor reinforcement project conducted during shut-downs and holidays at the Michigan Truck Plant.

Working within a tight time frame under very demanding circumstances, you and your company have consistently demonstrated a high degree of honest professionalism, quality consciousness and willingness to "go the extra mile" for your customer.

Congratulations on maintaining schedule while working within the original contract price. Your ability to meet problems with solutions gives meaning to your company name.

I look forward to working with **Constructive Solutions, Inc.** again.

Sincerely,

A handwritten signature in cursive script that reads "See Kee Lee".

See Kee Lee
